

SPANISH I

Bienvenidos! Welcome to Spanish class! “Deseo que este año sea interesante y un año de alegría para todos mis estudiantes!” I hope that this year will be an exciting year for you; I certainly look forward to a great year for all of us!

By the end of these two years in Spanish I, our goal is for you to understand, read, write, and speak the language spoken by so many people all over the world! (at this first level of proficiency)

You will learn the basics – conjugation of verbs, vocabulary, phrases, and much more!

You will also study the cultures of many Spanish-speaking countries – their customs, music, food, special days, famous people, & more!

Parents, please indicate that you have read the attached Spanish I Classroom Procedures and Expectations handout as well as your daughter/son by signing below. Please return this bottom section (keep the attached handout) by the second week of Spanish class. Thank you for giving me the opportunity to share this language experience with your daughter/son and for your enthusiasm, support, and cooperation; always appreciated!

Students, thank you for choosing Spanish I and for wanting to go the extra mile with this elective class! Let’s all be “aboard” on this journey!
